

# HUSH! NEWS

The newsletter for NDA's Hard of Hearing Club  
Issue 35 - September 2016

## All Aboard the Sightseeing Bus!

We were again lucky with the weather when we jumped aboard the City Sightseeing bus to have a thoroughly enjoyable trip around the sights of Norwich. We learned many fascinating facts from the recorded commentary, for example the Train Station was originally designed to look like a country house to compliment its surroundings, the River Wensum's name is derived from the Anglo saxon word 'winsom' which means 'lots of bends' and much more besides. Definitely recommended for anyone who wasn't able to join us on the day.

## Next HUSH! meeting - Tuesday 25th October

Robert Lamacraft will be taking the reins at the next meeting and run one of his 'Quirky Quizzes' to entertain us all. We look forward to seeing you there.

## Christmas is coming - Tuesday 13th December

After discussion at the last meeting, we have some suggestions for our festive meal out in the table below. Please can you let me know the one you like the best - via email, phone or in person by 30th September. Adult friends and family welcome. NB. You will need to arrange your own transport to the chosen restaurant.
